

REACH STATEMENT

The European Chemicals Regulation REACH (1907/2006/EG) came into effect on 6/1/2007 and reformed the European chemicals law. Thus, as of 12/2/2008, substances that are either produced in quantities of at least one(1) ton per year or are imported into the European market may not be placed on the market without prior or pre registration unless they are exempt from registration.

OST, inc. is only affected indirectly by the European Regulation, but has formed a team who fulfills the required activities to fulfill the current and future requirements resulting from the European REACH regulation.

OST, Inc. is not a member of the European Union and can therefore only make the information regarding SVHC available upon request.

We are continuously striving to meet all relevant legal regulations across the entire product life cycle. This includes information related to environment protection, quality and occupational health and safety towards our business partners and public authorities.

If you have any further questions regarding this issue, please contact us at tech@on-shore.com.
