

ON - SHORE TECHNOLOGY, INC.

"CONFLICT MINERALS" COMMITMENT

On-Shore Technology Inc. supports the opposition of use of minerals that are mined in the "Conflict region" of the Democratic Republic of the Congo (DRC). Realizing that the supply chain for minerals used in the Electronics industries is very complex, we are working with our suppliers to confirm to the extent possible that any metals used in our manufacturing process does not contain minerals sourced from the conflict region.

Please feel free to contact us if you have any additional questions regarding our position on this issue.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tony Thomas', is written over the printed name.

Tony Thomas
Manager of Quality / Manufacturing
